

*A senior citizen
drove his brand new
Corvette convertible
out of the dealership.*

Taking off down the road, he accelerated to 80 mph, enjoying the wind blowing through what little hair he had left.

“Amazing,” he thought as he flew down I-75, pushing the pedal even more. Looking in his rear-view mirror, he saw the highway patrol behind him, blue lights flashing and siren blaring. He accelerated to 100 mph, then 110, then 120.

Suddenly he thought, “What am I doing? I am too old for this,” and pulled over to await the trooper’s arrival.

Pulling in behind him, the trooper walked up to the Corvette, looked at his watch and said, “Sir my shift ends in 30 minutes. Today is Friday. If you can give me a good reason for speeding that I’ve never heard before, I’ll let you go.”

The old gentleman paused, then said, “Years ago, my wife ran off with a trooper. I thought you were bringing her back.”

“Have a good day, Sir,” replied the trooper.

Snow White received a digital camera as a gift. She took pictures of the dwarfs and the forest creatures and she quickly filled her memory card. She didn’t have a printer so she took the card to a store to have the photos printed. She returned a few days later, but was told there had been a malfunction and her prints would be late. Snow White was so disappointed that she wept. The store clerk tried to console her, saying, **“Don’t worry. Someday your prints will come in.”**

We at L&M Radiator are a different company in more ways than the products we manufacture and sell.

More than 33 years ago, we started a program for our employees that we feel is very unique. We purchased a 1975, 28-foot Winnebago motor home for our employees to use on their various vacations. As of April 2008, we purchased our 6th unit, a 2007 Winnebago Outlook 31-foot C-Class.

Overall, the rules we set up were pretty simple.

First off, the motor home is available from April 1st through November 1st. In January we hold a drawing for all those who have signed up. As the names are drawn, employees can pick a week to use the motor home, which goes from Friday to Friday. Note that we started with one motor home and because of the growth in the number of employees, we are now running two motor homes.

Prior to taking the motor home, we go through an orientation checklist to insure that the motor home is safe, clean and if any service is needed.

L&M pays for all the maintenance, insurance and general upkeep; the only cost to the employee is the fuel.
